## CAREER OBJECTIVE

---

Data Analyst fresher with strong skills in SQL, Power BI, Python, and Excel, experienced in data cleaning, data modeling, and KPI-driven dashboard development. Skilled in transforming raw data into actionable business insights using Power Query, DAX, and data visualization techniques to support data-driven decision-making.

## EDUCATION

---

### Bachelor of Technology in Computer Science and Engineering (Artificial Intelligence and Machine Learning)

Sri Venkateswara College of Engineering and Technology

Expected 2027

Relevant Coursework: Database Management Systems (DBMS), Statistics and Probability, Data Structures and Algorithms, Object-Oriented Programming, Python Programming, SQL, and Data Visualization.

## SKILLS

---

|                       |                                                                           |
|-----------------------|---------------------------------------------------------------------------|
| <b>Data Analytics</b> | SQL, Power BI (Power Query, DAX, KPIs), Data Cleaning, Data Modeling, EDA |
| <b>Programming</b>    | Python (Pandas, NumPy), MySQL                                             |
| <b>Tools</b>          | Excel (Pivot Tables), Google Sheets, Git, GitHub, Jupyter Notebook        |
| <b>Soft Skills</b>    | Analytical Thinking, Problem-Solving, Communication                       |

## EXPERIENCE

---

### Web Developer Intern, ApexPlanet Software Pvt. Ltd.

Aug 2025 – Sep 2025

- Worked with structured data and user requirements to improve website usability.
- Collaborated with teams and strengthened analytical and problem-solving skills.

## PROJECTS

---

### Amazon Sales Monthly Performance Dashboard

Developed an interactive Power BI dashboard using Power Query and DAX to track revenue, profit, orders, returns, and YoY (Year-over-Year) performance; implemented data modeling and opportunity loss analysis to support business decisions.

### Chocolate Sales Analysis Dashboard

Cleaned and transformed sales data using Power Query; created DAX measures for profit margins and growth analysis; designed interactive dashboards for product-level and regional insights.

### Exam Helper Web Application([View Project](#))

Developed React.js application to manage structured academic data and improve accessibility for 100+ students.

## CERTIFICATES

---

- **Power BI & Business Intelligence Certification – PrepInsta Technologies:** Hands-on experience in Power BI, DAX, data modeling, KPI reporting, and dashboard development.
- **SQL Certification – PrepInsta Technologies:** Trained in writing optimized SQL queries, joins, subqueries, and analytical queries.
- **Web Development Internship – ApexPlanet Software Pvt. Ltd. (Aug 2025– Sep 2025):** Built responsive web pages using HTML, CSS, and JavaScript
